BELMAHI WALID

GRAPHIC DESIGNER & FULL STACK DEVELOPER

I am a multi-skilled professional with experience in graphic design, small and large format printing, video editing, and motion graphics. Over time, I expanded my skills to become a full-stack developer, combining creativity and technical expertise to deliver solutions that meet client needs effectively.

EXPERIENCE

- 2017 - 2018 **Print Service**
Started as Graphic designer at Maestro Print for large format printing, gained experience on operating with Roland SP550V & XP600, also t-Shirt Design with printable flex & applying printable vinyl.
- 2018 - 2019 **Video Editing & Motion Graphics**
Worked at RDDV Agency, creating promo videos and explainer motion graphics. Expanded my skills by learning DSLR camera maintenance to enhance production quality.
- 2020 - 2022 **Freelancing**
Freelancer on multiple services: Brand & Graphic Desing, Make CNC Router/Laser cut files (Forex, Mdf, luminous letters, Aluco Bond for store fronts), Social media Ads designer, and much more.
- 2023 - Now **Coding & Development**
Became a full-stack developer, skilled in HTML, CSS, JavaScript, PHP, MySQL, React, Laravel, and WordPress. Built multiple websites and created my startup software, Gini Management System.
